

The League of Women Voters of Orange County Wants You!

The League of Women Voters has stood for good government for over eighty-five years – no individual can take your place in helping us make democracy work. Since 1920, the League has worked at local, state and national levels to generate democratic conversation among members, educate the general public and policy makers on critical issues, and take concerted action to bring about social change.

- **The League of Women Voters is one of the most trusted not-for-profit organization in America. As such, Leagues are often called upon to convene community issue forums as well as host candidate debates.**
- The League is nonpartisan; we do not support or oppose candidates.
- The League registers and mobilizes people to vote.
- The League of Women Voters of Orange County is one of 33 local Leagues within the state of Florida and aligned with 1000 local Leagues nationwide. Collectively, there are over 130,000 member and supporter voices within these Leagues coast to coast. In addition to the numerous grass roots efforts that the Leagues are known for, the League’s National Lobby Corps represents League positions on Capitol Hill, carrying the voice of League members to the corridors of Congress and the Administration.

"No chance, no destiny, no fate can circumvent or hinder or control the firm resolve of a determined soul." Carrie Chapman Catt, founder of the League of Women Voters
